THRD Alliance found that in most of the places there is duplication of relief packages. Most of the relief packages have not reached in the hands of needy ones. Therefore, THRD Alliance Human Right Monitor(HRM), Human Right Officer( HRO) and Regional Coordinator(RC) carries out research in their district before distributing relief materials. It does take some time but the relief packages reach in right place.

Distribution of flood relief package in Musaharaniya, Dhanusha. Initiation taken by Kiran karn.  
Thank you Madhesi Youth and ANTA for the support.

THRD Alliance distributed flood relief packages in Rautahat - Garuda Municipality, Mahamdpur and Kathariya rural municipality.

On August 15, 2017 we distributed emergency relief support to 60 flood-affected families in Mohammadpur in Rautahat. A pack of emergency relief materials per family contained 2 kilos of Chiura (beaten rice), half a kilo of Bhuja (puffed rice), two packets of biscuits, a packet of WaiWai noodle, 1 big packet of Dalmot (Snacks) and 1 bottle of mineral water.

Medical camp completed in Kathari, Morang. Most of the flood victims were from Rishidev Community(Mushar) and Rajbanshis. Almost 109 flood victims benefitted from the medical camp.

THRD Alliance' eastern region group worked really hard to organize Medical camp in Madhavapur, Saptari.

Many of our activities are under pipeline and our HRM, HRO and RC are busy with planning and executing flood related programs. This information I have added to give you brief idea about the work which we have done so far. We will provide you with more detail information in the days to come. If you have any further queries regarding flood relief campaign we are ready to assist you.

Thank You!!
